Provisional Application for RN and PN Nursing Programs

Application for provisional approval is the next step following proposal approval for starting a new nursing program. If the program has not already received proposal approval, please go to the Proposal Approval Application and follow those instructions.

This application packet contains the provisional application form, checklist, worksheet, self study and curriculum guidelines, as well as information regarding statutes and rules that pertain to the application process. Please review the attached material and then contact Pamela Randolph to arrange for an appointment to discuss the application process if you have not already done so or if you have additional questions. Ms. Randolph may be reached as follows:

Pamela K. Randolph, RN, MS
Associate Director of Education and Evidence-Based Regulation
Arizona State Board of Nursing
4747 North 7th Street, Suite 200
Phoenix, Arizona 85014
(602) 771-7803
(602) 771-7888 fax
prandolph@azbn.gov

As part of your preparation to submit an application for provisional approval, please review the Arizona State Board of Nursing Policy on Submission of Materials to Education Committee policy which establishes guidelines and timeframes for submitting applications to the Education Advisory Committee.

Best wishes,

Pamela K. Randolph, RN, MS
Associate Director of Education and
Evidence Based Regulation

3. The application should consist of an introductory/background statement and a completed worksheet, and attachments. A writable worksheet will be provided by the Board staff, upon request, listing the rules to be addressed. The applicant program shall complete the descriptive portion of the worksheet describing the programs compliance with the rule and indicate in the last column where the evidence supporting rule compliance is to be found in attachments or on site if a site-visit is planned (see example below). Only those portions of documents supporting compliance should be included. Examples of compliance with rules may be submitted in lieu of an entire document if the example is representative of the practices throughout the program. For example, objectives and outlines for each class session (R4-19-206 (B)) may be submitted for only one course, with documentation by the program administrator that this is the prototype used for all courses.

Rationale: This format enables both the program and the committee to determine whether the applying program meets rule requirements.

4. Materials must be received 3 weeks before the committee meeting date.

Rationale: To provide adequate time for compiling, mailing, and committee review of documents.

5. Materials reviewed at the committee meeting will be electronically submitted to the Board at the next meeting with the committee recommendation unless the program requests or agrees to hold or withdraw the application or the committee did not make a recommendation because more information is needed.

Rationale: To ensure that adequate numbers of copies are available for Board members and appropriate staff and decisions are rendered on applications in a timely manner.

6. Courtesy review by the education consultant may be requested and shall only be provided as time permits. Entities requesting a courtesy review of the application, must submit the following items 5 weeks before the meeting:
 - a. A bound paper copy of the completed application that is clearly marked “courtesy review only,”
 - b. A written request for the review,
 - c. Contact information to include: the person’s name, e-mail, fax, phone numbers, and hours of availability.

Rationale: To assist programs to address issues related to rules in an adequate manner and prepare programs for questions they might receive at the committee meeting.

7. The Chair of the committee may accept late materials if the program demonstrates that the delay in submission was due to factors outside the control of the entity offering the program.

Rationale: Allows for flexibility in the event of an emergency

INSTRUCTIONS FOR PROVISIONAL APPROVAL APPLICATION

In order to help you prepare the self-study, the following documents are available on the Board website at www.azbn.gov. You may also request them from Board staff:

Nurse Practice Act

Policies on Submission of Materials to Education Committee

Curriculum Guidelines for Program Application for Provisional Approval

Provisional Application Worksheet

Please call Pamela Randolph at any time during the entire process for any concerns or questions at (602) 771-7803.

GUIDELINES FOR THE SELF STUDY:

The nursing program administrator shall submit **one paper** copy all materials to the Board of Nursing Education Consultant not less than 45 days before the requested visit. **Site visit dates will not be confirmed until the application and self study have been reviewed and determined to be substantially complete. Review can take up to 30 days. Programs submitting incomplete documents will receive a “Notice of Application Deficiency” as described in A.A.C. R4-19-102. Courtesy reviews of documents prior to official submission will not be provided as programs have the opportunity to revise documents based on staff feedback after the site visit.** The program may schedule a consultation visit with staff prior to the submission of documents to review requirements.

The self-study appendix materials should be single-sided, on letter size white paper, consecutively numbered and bound. Please do not include folders, notebooks, or bulky materials, as they are difficult to file. You must include the following items:

1. Title page with program name, address of program site, phone of parent institution/administrator, e-mail address, fax number, classification of nursing program by both educational degree (diploma, ADN, BSN) and licensure (RN/PN/Multiple exit).
2. A description and short history of the program and parent institution.
3. The “Provisional Application Worksheet” that contains each and every rule to be addressed: R4-19-207 (D) and R4-19-201 to R4-19-206 with an accompanying narrative as part of the worksheet analyzing the extent to which the program complies with the rule. When writing the narrative, do not just affirm that the rule is met. The evidence demonstrating compliance with the full rule needs to be disclosed. For example there are criteria for faculty evaluation. The fact that full-time faculty are evaluated does not address the rule until all criteria as applied to all faculty are discussed.
4. An appendix to include supporting documents such as charts, comparison graphs, and the evaluation plan (as described in the self-study guidelines). This is a list of documents to include in the self study is detailed below. Other materials may be requested during the visit.
 - Signed facility availability forms to cover all admitted cohorts until the first cohort graduates
 - Regional or national and state accreditation documents
 - A comparison chart of the mission and goals statements of both the program and the parent institution showing consistency of mission and goals
 - Organizational chart(s) indicating the position of the program within the overall structure of the parent organization and the organization within the program
 - Job description for nursing program administrator
 - Program Systematic Evaluation Plan
 - Faculty evaluation tools/forms
 - Job descriptions for faculty
 - Faculty handbook/bylaws/policies that pertain to rule compliance (just include specific pages or paste policies)

- Nursing student policies that pertain to rule compliance (just include specific pages or paste policies)
 - Curriculum as specified in “Curriculum Guidelines for Provisional Approval
 - If known, faculty name(s), AZ or multi-state compact license #, educational background (including whether master’s degree is with a major in nursing), teaching responsibilities, and years of patient care experience—if not known, this needs to be submitted 60 days before the start of nursing classes.
 - If a preceptorship experience is offered, a description of the preceptorship consistent with the Board’s advisory opinion “Preceptorship for Prelicensure Students” available at www.azbn.gov under resources/advisory opinions;
5. Copy of the college catalogue – as a separate document
 6. Copy of the nursing student handbook – as a separate document
 7. Copy of nursing program faculty handbook – as a separate document

APPLICABLE RULES

R4-19-207. Application for Provisional Approval of a Nursing Program

- D.** A parent institution that receives proposal approval may submit 20 copies (**we are now requiring only 7 paper copies and one electronic copy**) of an application to the Board for provisional approval that includes the following information and documentation:
1. Name and address of parent institution; and
 2. Plan for compliance with R4-19-201 through R4-19-206, including but not limited to the following:
 - a. Name and qualifications of appointed administrator;
 - b. Names and qualifications of nursing faculty for the first semester or session of operation at least 60 days before classes begin;
 - c. Final program implementation plan;
 - d. Curriculum, including course outlines, program objectives, and learning outcomes;
 - e. Descriptions of available and proposed physical facilities with dates of availability; and
 - f. List of available clinical facilities within the geographic area, including facility type, size, number of beds, and type of patients.
- E.** Following an onsite evaluation conducted according to A.R.S. § 41-1009, the Board shall grant provisional approval to a parent institution that meets the requirements of R4-19-201 through R4-19-206 if approval is in the best interest of the public. A parent institution that is denied provisional approval may request a hearing by filing a written request with the Board within 30 days of service of the Board’s order denying the application for provisional approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- F.** The provisional approval of a nursing program expires 12 months from the date of the grant of provisional approval if a class of nursing students is not admitted by the nursing program within that time. The Board may rescind the provisional approval of a nursing program for a violation of any provision of this Article according to R4-19-211.

PREPARING FOR THE SITE VISIT:

The purpose of the site visit is to clarify, amplify and verify the contents of the self-study submitted to the Board. The rules (A.A.C. R4-19-201 to R4-19-207) will be used as the criteria that must be met in order for Board approval to continue.

Some effort and planning will be needed to ensure a successful and efficient site visit. Contact key persons well in advance to ensure that they are available and apprised of the importance of the visit. The interviews are

formal and participants will be informed that any responses may be used in a report to the Board. There is no “talking off the record”. There should be no interruptions during the interview times. Provisional site visits take an average of 7-8 hours but may extend over 2 days.

Interview guidelines

The following meetings will need to be arranged. Suggested time frames for each meeting are indicated. The site visitor will also need approximately 2 hours on site to examine documents and access to syllabi and other documents to take off site. All original documents will be returned. Please send a copy of the schedule to the Board office 2 weeks prior to the site visit.

Meetings and Suggested Times:

Director/dean/coordinator/chair of program-- 2 hours initially and 1 hour prior to the exit report
Immediate supervisor of the director of the program—30-60 minutes
Director/administrator of the parent institution—30 minutes
Assistant Directors (if appropriate)—15 minutes
Library or resource director—15-30 minutes
Faculty if available—1 hour
Facility representatives who agreed to place students at their clinical facility (10-15 minutes each)
Advisors/counselors and admissions officer for the program (optional)—30 minutes
Document review and preparation of exit report 60-90 minutes
Exit report—15minutes

TOURS:

Tour of parent institution
Library
Resource Center
Nursing Department including classrooms, offices, skills lab
If there are multiple sites, each site needs to be toured

Documents to examine on site

Signed clinical contracts
Mock student and faculty files
Copy of clinical/course/program evaluation tools
Additional curriculum materials

EXIT REPORT:

Programs may request a preliminary oral exit report as part of the visit. Preliminary reports are not binding and are subject to change. All personnel involved may be invited to the reading of the preliminary oral report. The reading of the oral report is not an opportunity to debate the report but the consultant may request assistance in the drafting of some aspects of the report and correction of errors of fact. Programs are requested not to publish the contents of the oral report. A written draft report will be provided to the program nurse administrator within 30 days of the site visit. The program is requested to assist with correction of facts and may comment and address any issues in the report.

AFTER THE SITE VISIT:

Based on feedback at the visit, the program may revise the self-study and submit an electronic and 7 paper copies of the self-study with one “camera-ready” copy (stapled or bound, one sided, consecutively numbered—no notebooks or folders).

The consultant will make final revisions to her reports after the program administrator has provided comment/correction to the draft reports and provide copies of her findings along with the self study to all members of the Education Committee. All communication about the program will be directed to the nurse administrator of the program. Courtesy copies may be provided to other individuals. Program approval is a 2-step process.

1. The self-study and consultant report is reviewed by the Education Committee in their regular meeting for a recommendation to the Board. Programs should send a representative to this meeting to present any additional information and answer questions. The Education Committee will either make a recommendation to the Board regarding approval or ask the program for additional information to be considered at a future committee meeting.
2. The Board will then take action on your provisional approval application at their next regularly scheduled meeting in compliance with open meeting law and submission deadlines for Board materials. The Board will consider the recommendation of the Education Committee, but the Board is not obligated to adopt any recommendations. Decisions made by the Board may be different than the Education Committee recommendation. Programs are invited to attend the Board meeting.

You will be notified of the dates of the Education Committee and Board meetings and offered a scheduled time that the Board will consider the application. The Board may delay the time for any reason, but will not consider the item before the scheduled time. Following the Board meeting you will be given a letter apprising you of the board action. The most likely options the Board may consider are:

1. Grant provisional approval,
2. Grant provisional approval upon receipt of additional documents or upon the satisfying of certain conditions,
3. Denial of approval, or
4. Comprehensive request for additional information.

CURRICULUM GUIDELINES FOR PROGRAM APPLICATION FOR PROVISIONAL APPROVAL

BACKGROUND

The rules of the Arizona State Board of Nursing require that programs submit curricular materials in the application for provisional approval. The Board is aware that many programs do not choose to hire faculty for this process. However, the curriculum needs to be evaluated by the Board before approval is granted. Approval by the Board implies that the scope of practice is adequately addressed and the program provides sufficient clinical opportunities to prepare safe nurses.

APPLICABLE RULES (Rules effective March 7, 2005)

Rules of the Board require that programs applying for provisional approval provide a copy of the: Curriculum, including course outlines, program objectives, and learning outcomes” (R4-19-207). Under R4-19-206, the curriculum section of the proposed rules, the following standards apply.

R4-19-206. Curriculum

- A.** For the purposes of this section, “clinical instruction” means the guidance and supervision provided by a qualified faculty member or designee while a nursing student is providing patient care.
- B.** A nursing program shall develop and implement a curriculum that includes level objectives, course objectives, measurable learning outcomes for each class session, and course content outlines for each course that:
 - 1. Reflect its mission and goals;
 - 2. Are logically consistent between and within courses;
 - 3. Are designed so that a student who completes the program will have the knowledge and skills necessary to function in accordance with the definition and scope of practice specified in A.R.S. § 32-1601 (12) and R4-19-401 for a practical nurse or A.R. S. § 32-1601(13) and R4-19-402 for a professional nurse.
- C.** A nursing program shall provide for progressive sequencing of classroom and clinical instruction sufficient to meet the goals of the program.
 - 1. A registered nursing (RN) program shall provide clinical instruction that includes, at a minimum, selected and guided experiences that develop a student’s ability to apply core principles of nursing in varied settings when caring for:
 - a. Adult and geriatric patients with acute, chronic, and complex, life-threatening, medical and surgical conditions;
 - b. Patients experiencing pregnancy and delivery;
 - c. Neonates, infants and children;
 - d. Patients with mental, psychological, or psychiatric conditions; and
 - e. Patients with wellness needs.
 - 2. A practical nursing program (PN) shall provide clinical instruction that includes, at a minimum, selected and guided experiences that develop an understanding of physiological, psychological, pathological, and basic nursing care needs when caring for:
 - a. Patients with medical and surgical conditions throughout the life span,
 - b. Patients experiencing pregnancy and delivery, and
 - c. Neonates, infants, and children in varied settings.
- D.** A nursing program shall maintain at least a 75% NCLEX® passing rate for graduates taking the NCLEX-PN® or NCLEX-RN® for the first time within 12 months of graduation. The Board shall issue a notice of deficiency to any program that has a NCLEX® passing rate less than 75% for two consecutive calendar years.

SUBMISSION GUIDELINES:

For the purposes of provisional approval it is the recommendation of the Education Committee that the following documentation be included in the application:

1. Overall program goals
2. Curriculum plan/schedule of courses
3. Catalogue descriptions of each nursing course including clinical setting, if applicable (e.g. pediatrics, maternity, medical-surgical, mental health, special care).
4. Level/Course objectives—please provide in chart format as demonstrated below—if the level contains 2 courses the objectives can be listed separately or combined as one level objective. This document must demonstrate a relationship of the objectives to the program goal and progression throughout the program.
5. General content outline for each nursing course. Content must have a logical relationship to the objectives.
7. Unit objectives and detailed content outline for each unit or class session for first nursing course of the curriculum. Didactic objectives must relate, but not be the same as didactic content. For an example, please see the CNA Board-approved curriculum on the Board website.
8. Credits total
9. Didactic and clinical hours for each course and totals; Clinical setting for each course.

Materials will be evaluated according to the criteria in R4-19-206 (B and C)

EXAMPLE—CURRICULUM

PROGRAM GOAL	LEVEL I	LEVEL II	LEVEL III	LEVEL IV
The graduate will utilize the nursing process to provide effective care across the life-span with diverse client populations.	Develop a plan of care for an individual client with wellness needs.	Develop and implement plans of care for adult clients experiencing chronic illness.	Develop and implement a plans of care for a maternity client and family and a pediatric client and family.	Develop, implement and evaluate plans of care for clients with serious life threatening illnesses and for clients with chronic and acute mental health needs.

CLINICAL COMMITMENT FORM

Programs seeking provisional approval or to expand capacity need to complete one form for each clinical health care facility where new or additional students will be placed for 2 years. The information contained in this form will provide evidence for the Board to determine if the program meets the requirements of R4-19-207(D)(2)(f) for provisional approval applicants and R4-19-209 (B)(1) for existing program applicants.

§32-1644. Approval of nursing schools and nursing programs; application; maintenance of standards

A. The board shall approve all new prelicensure nursing, nurse practitioner and clinical nurse specialist programs pursuant to this section. A postsecondary educational institution or school in this state that is accredited by an accrediting agency recognized by the United States department of education desiring to conduct a registered nursing, practical nursing, nurse practitioner or clinical nurse specialist program shall apply to the board for approval and submit satisfactory proof that it is prepared to meet and maintain the minimum standards prescribed by this chapter and board rules.

B. The board or its authorized agent shall conduct a survey of the institution or program applying for approval and shall submit a written report of its findings to the board. If the board determines that the program meets the requirements prescribed in its rules, it shall approve the applicant as either a registered nursing program, practical nursing program, nurse practitioner program or clinical nurse specialist program in a specialty area.

C. A nursing program approved by the board may also be accredited by a national nursing accrediting agency recognized by the board. If a prelicensure nursing program is accredited by a national nursing accrediting agency recognized by the board, the board does not have authority over it unless any of the following occurs:

1. The board receives a complaint about the program relating to patient safety.
2. The program falls below the standards prescribed by the board in its rules.
3. The program loses its accreditation by a national nursing accrediting agency recognized by the board.
4. The program allows its accreditation by a national nursing accrediting agency recognized by the board to lapse.

D. From time to time the board, through its authorized employees or representatives, may resurvey all approved programs in the state and shall file written reports of these resurveys with the board. If the board determines that an approved nursing program is not maintaining the required standards, it shall immediately give written notice to the program specifying the defects. If the defects are not corrected within a reasonable time as determined by the board, the board may take either of the following actions:

1. Approve the program but restrict the program's ability to admit new students until the program complies with board standards.
2. Remove the program from the list of approved nursing programs until the program complies with board standards.

E. All approved nursing programs shall maintain accurate and current records showing in full the theoretical and practical courses given to each student.

F. The board does not have regulatory authority over the following approved nurse practitioner or clinical nurse specialist programs unless the conditions prescribed in subsection C are met:

1. A nurse practitioner or clinical nurse specialist program that is part of a graduate program in nursing accredited by an agency recognized by the board if the program was surveyed as part of the graduate program accreditation.
2. A nurse practitioner or clinical nurse specialist program that is accredited by an agency recognized by the board.

ARTICLE 2. ARIZONA PROFESSIONAL AND PRACTICAL NURSING PROGRAMS

R4-19-201. Organization and Administration

- A. The parent institution of a nursing program shall be accredited as a post-secondary institution, college, or university, by an accrediting body that is recognized as an accrediting body by the U.S. Department of Education.
- B. A nursing program shall have a written statement of mission and goals consistent with those of the parent institution and compatible with current concepts in nursing education.
- C. A nursing program shall be an integral part of the parent institution and shall have equivalent status with other academic units of the parent institution.
- D. The parent institution shall center the administrative control of the nursing program in the nursing program administrator.
- E. A nursing program shall provide an organizational chart that identifies the relationships, lines of authority, and channels of communication within the program, and between the program and the parent institution.
- F. A nursing program shall have a written agreement between the program and each clinical agency where clinical experience is provided to the program's students that:
 - 1. Defines the rights and responsibilities of both the clinical agency and the nursing program,
 - 2. Lists the role and authority of the governing bodies of both the clinical agency and the nursing program,
 - 3. Allows faculty members of the program the right to participate in selecting learning experiences for students, and
 - 4. Contains a termination clause that provides sufficient time for enrolled students to complete the clinical experience upon termination of the agreement.
- G. A nursing program shall have written policies that provide a mechanism for student input into the development of academic policies and procedures and participation in the evaluation plan.
- H. The parent institution shall appoint a nursing program administrator who meets the requirements of R4-19-203.
- I. A nursing program shall have a written plan for the systematic evaluation of the total program. The plan shall include the methodology, frequency of evaluation, assignment of responsibility, and evaluative criteria. The following areas shall be evaluated:
 - 1. Internal structure of the program, its relationship to the parent institution, and compatibility of program policies and procedures with those of the parent institution;
 - 2. Mission and goals;
 - 3. Curriculum;
 - 4. Education facilities, resources, and services;
 - 5. Clinical resources;
 - 6. Student achievement of program educational outcomes;
 - 7. Graduate performance on the licensing examination;
 - 8. Faculty performance; and
 - 9. Protection of patient safety.
- J. A nursing program shall notify the Board of a vacancy or pending vacancy in the position of nursing program administrator within 15 days of the program's awareness of the vacancy or pending vacancy and do the following:
 - 1. Appoint an interim administrator or a permanent administrator who meets the requirements of R4-19-203(A) within 15 days of the effective date of the vacancy, and
 - 2. Notify the Board of the appointment of an interim or permanent administrator within 15 days of appointment and provide a copy of the administrator's credentials to the Board.

R4-19-207. Application for Provisional Approval of a Nursing Program

- A. Before establishing a nursing program, a parent institution shall submit 20 copies of an application for proposal approval to the Board that includes the following information and documentation:
 1. Name and address of the parent institution;
 2. Statement of intent to establish a nursing program, including the academic and licensure level of the program; and
 3. Proposal that includes, but is not limited to, the following information:
 - a. Documentation of the present and future need for the program in the state including availability of potential students and need for entry level nurses;
 - b. Potential effect on existing nursing programs in a 50-mile radius of the proposed program;
 - c. Organizational structure of the educational institution documenting the relationship of the nursing program within the institution;
 - d. Accreditation status of the parent institution;
 - e. Purpose, mission, and goals of the nursing program;
 - f. Availability of qualified administrator and faculty;
 - g. Number of budgeted faculty positions;
 - h. Source and description of clinical resources for the program;
 - i. Anticipated student population;
 - j. Documentation of adequate academic facilities and staff to support the nursing program;
 - k. Evidence of financial resources adequate for the planning, implementation, and continuation of the nursing program; and
 - l. Tentative time schedule for planning and initiating the nursing program and the intended date for entry of the first class into the program.
- B. The Board shall grant proposal approval to any parent institution that demonstrates:
 1. The need for a program,
 2. The resources to operate a program,
 3. The availability of students,
 4. The availability and resources to secure a qualified administrator and faculty, and
 5. Satisfaction of the accreditation requirements in R4-19-201(A).
- C. A parent institution that is denied proposal approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for proposal approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- D. A parent institution that receives proposal approval may submit 20 copies of an application to the Board for provisional approval that includes the following information and documentation:
 1. Name and address of parent institution; and
 2. Plan for compliance with R4-19-201 through R4-19-206, including but not limited to the following:
 - a. Name and qualifications of appointed administrator;
 - b. Names and qualifications of nursing faculty for the first semester or session of operation at least 60 days before classes begin;
 - c. Final program implementation plan;
 - d. Curriculum, including course outlines, program objectives, and learning outcomes;
 - e. Descriptions of available and proposed physical facilities with dates of availability; and
 - f. List of available clinical facilities within the geographic area, including facility type, size, number of beds, and type of patients.
- E. Following an onsite evaluation conducted according to A.R.S. § 41-1009, the Board shall grant provisional approval to a parent institution that meets the requirements of R4-19-201 through R4-19-206 if approval is in the best interest of the public. A parent institution that is denied provisional approval may request a hearing by filing a written request with the

Board within 30 days of service of the Board's order denying the application for provisional approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

- F. The provisional approval of a nursing program expires 12 months from the date of the grant of provisional approval if a class of nursing students is not admitted by the nursing program within that time. The Board may rescind the provisional approval of a nursing program for a violation of any provision of this Article according to R4-19-211.
- G. If a nursing program fails to apply for full approval within two years of graduating its first class of students, the Board shall rescind its provisional approval. A nursing program whose provisional approval is rescinded may request a hearing by filing a written request with the Board within 30 days of service of the Board's order rescinding the provisional approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

Historical Note

Adopted effective February 20, 1980 (Supp. 80-1). Former Section R4-19-17 renumbered and amended as Section R4-19-16 effective July 16, 1984 (Supp. 84-4). Former Section R4-19-17 renumbered as R4-19-207 (Supp. 86-1).

R4-19-208. Application for Full Approval of a Nursing Program

- A. A nursing program seeking full approval shall submit an application that includes the following information and documentation:
 - 1. Name and address of the parent institution,
 - 2. Date the nursing program graduated its first class of students, and
 - 3. Twenty copies of a self-study report that contains evidence the program is in compliance with R4-19-201 through R4-19-206.
- B. Following an onsite evaluation conducted according to A.R.S. § 41-1009, the Board shall grant full approval for a maximum of five years or the accreditation period for nationally accredited programs governed by R4-19-212, to a nursing program that meets the requirements of R4-19-201 through R4-19-206 if approval is in the best interest of the public. A nursing program that is denied full approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for full approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- C. A nursing program shall apply for full approval within a two-year period after graduating its first class or its provisional approval may be rescinded by the Board following notice and an opportunity for hearing.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-209. Nursing Program Change

- A. A nursing program administrator shall receive approval from the Board before implementing any of the following nursing program changes:
 - 1. Changing the mission or goals,
 - 2. Increasing or decreasing the length of the program,
 - 3. Adding or deleting a geographical location of the program,
 - 4. Increasing the student enrollment capacity by more than 20%,
 - 5. Changing the level of educational preparation provided, or
 - 6. Transferring the nursing program from one institution to another.
- B. The administrator shall submit 20 copies of the following materials with the request for nursing program changes:
 - 1. The rationale for the proposed change and the anticipated effect on the program administrator, faculty, students, resources, and facilities;
 - 2. A summary of the differences between the current practice and proposed change;
 - 3. A timetable for implementation of the change; and
 - 4. The methods of evaluation to be used to determine the effect of the change.
- C. The Board shall approve a request for a nursing program change if the program demonstrates that it has the resources to implement the change and the change is consistent with R4-19-201 through R4-19-206. A nursing program that is denied approval of program changes may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for full approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-210. Renewal of Approval of Board-approved Nursing Programs

- A. An approved nursing program that is not accredited by an approved national nursing accrediting agency shall submit an application packet to the Board at least four months before the expiration of the current approval that includes the following:
 1. Name and address of the parent institution,
 2. Current regional accreditation status,
 3. Copy of the current catalog of the parent institution,
 4. Copy of current nursing program policies, and
 5. Twenty copies of a self-study report that contains evidence of compliance with R4-19-201 through R4-19-206.
- B. Following an onsite evaluation conducted according to A.R.S. § 41-1009, the Board shall renew program approval for a maximum of five years if the nursing program meets the criteria in R4-19-201 through R4-19-206 and if renewal is in the best interest of the public. The Board shall determine the term of approval that is in the best interest of the public.
- C. If the Board denies renewal of approval, the nursing program may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for renewal of approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-211. Rescission of Approval

- A. The Board shall, upon determining that a nursing program or a refresher program is not in compliance with R4-19-201 through R4-19-214, provide to the administrator a written notice of deficiencies that establishes a reasonable time, based upon the number and severity of deficiencies, to correct the deficiencies. The time for correction may not exceed 18 months.
 1. The administrator shall, within 30 days from the date of service of the notice of deficiencies, file a plan to correct each of the identified deficiencies after consultation with the Board or designated Board representative.
 2. The administrator may, within 30 days from the date of service of the notice of deficiencies, submit a written request for a hearing before the Board to appeal the Board's determination of deficiencies. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
 3. If the Board's determination is not appealed or is upheld upon appeal, the Board shall conduct periodic evaluations of the program during the time of correction to determine whether the deficiencies have been corrected.
- B. The Board shall, following a Board-conducted survey and report, rescind the approval of, or restrict admissions to a nursing program or refresher program if the program fails to comply with R4-19-201 through R4-19-214 within the time set by the Board in the notice of deficiencies served upon the program.
 1. The Board shall serve the administrator with a written notice of proposed rescission of approval or restriction of admissions that states the grounds for the proposed action. The administrator shall have 30 days to submit a written request for a hearing to show cause why the proposed action should not occur. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
 2. Upon the effective date of a decision to rescind program approval, the nursing program shall immediately cease operation and be removed from the official approved-status listing. A nursing program that has been ordered to cease operations shall assist currently enrolled students to transfer to an approved nursing program.
- C. In addition to the cause in subsection (B), if the Board determines that the effectiveness of instruction to students is impaired, the Board may rescind approval of or restrict admissions to a nursing program for any of the following causes:
 1. For a program that was served with a notice of deficiencies within the preceding three years and timely corrected the noticed deficiencies, subsequent noncompliance with the standards in R4-19-201 through R4-19-214; or
 2. Failure to comply with orders of or stipulations with the Board within the time determined by the Board.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-212. Nationally Accredited Nursing Programs

- A. An approved nursing program that is accredited by an approved national nursing accrediting agency shall submit to the Board evidence of initial accreditation and shall submit evidence of continuing accreditation after each reaccreditation review.
- B. The administrator shall submit to the Board any report from a national accrediting agency citing deficiencies or recommendations at the time the report is received by the nursing program.
- C. The administrator of a nursing program shall notify the Board within 10 days of any change in accreditation status.
- D. The administrator of a nursing program that loses its accreditation status or allows its accreditation status to lapse shall file an application for renewal of approval under R4-19-210 within 30 days of loss of or lapse in accreditation status.
- E. Unless otherwise notified by the Board following receipt and review of the documents required by subsections (A) and (B), a nursing program continues to have full-approval status. The administrator of a nursing program that has its continuing approval-status rescinded by the Board may request a hearing by filing a written request with the Board within 30 days of service of the Board's order rescinding continuing full-approval status. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-213. Voluntary Termination of a Nursing Program or a Refresher Program

- A. The administrator of a nursing program or a refresher program shall notify the Board within 15 days of a decision to voluntarily terminate the program. The administrator shall, at the same time, submit a written plan for terminating the nursing program or refresher program.
- B. The administrator shall ensure that the nursing program or refresher program is maintained, including the nursing faculty, until the last student is transferred or completes the program.
- C. Within 15 days after the termination of a nursing program or refresher program, the administrator shall notify the Board of the permanent location and availability of all program records.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4).

R4-19-214. Approval of a Refresher Program

- A. An applicant for approval of a refresher program for nurses whose licenses have been inactive or expired for five or more years, nurses under Board order to enroll in a refresher program, or nurses who have not met the requirements of R4-19-312 shall submit a completed application that provides all of the following information and documentation:
 - 1. Applicant's name, address, e-mail address, telephone number, and fax number;
 - 2. Proposed starting date for the program;
 - 3. Name and curriculum vitae of all instructors;
 - 4. Statement describing the facilities, staff, and resources that the applicant will use to conduct the refresher program;
 - 5. A program and participant evaluation plan that includes student evaluation of the course, instructor, and clinical experience; and
 - 6. Evidence of a curriculum that meets the requirements of subsection (B).
- B. A refresher program shall provide:
 - 1. A minimum of 40 hours of didactic instruction and 112 hours of supervised clinical practice for a licensed practical nurse program;
 - 2. A minimum of 80 hours of didactic instruction and 160 hours of supervised clinical practice for a professional nurse program;
 - 3. A planned and supervised clinical experience that is consistent with course goals and provides an opportunity for the student to demonstrate safe and competent application of program content. The student may spend up to 24 of the required clinical hours in a supervised lab setting;
 - 4. Curriculum materials, including:
 - a. An overall program description including goals; and
 - b. Objectives, content, and hours allotted for each area of instruction;
 - 5. Instruction in current nursing care concepts and skills including:
 - a. Nursing process;
 - b. Pharmacology, medication calculation, and medication administration;
 - c. Communication;
 - d. Critical thinking and clinical decision making;
 - e. Delegation, management, and leadership; and
 - f. Meeting psychosocial and physiological needs of clients.
- C. A refresher program may adapt the curriculum based on the need to incorporate content applicable to specialty and indirect care areas of nursing practice for students who plan to practice in those areas. The clinical experience for such students may include indirect care, depending on the course goals and objectives. The program shall include concepts and skills needed to deliver safe nursing care in any adapted curriculum.
- D. The Board shall approve a refresher program that meets the requirements of subsection (A), if approval is in the best interest of the public, for a term of four years. An applicant who is denied refresher program approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- E. The refresher program sponsor shall apply for renewal of approval in accordance with subsection (A) not later than 90 days before expiration of the current approval. The sponsor of a refresher program that is denied renewal of approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for renewal of approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, and 4 A.A.C. 19, Article 6.
- F. The sponsor of an approved refresher program shall provide written notification to the Board within 15 days of a participant's completion of the program of the following:
 - 1. Name of the participant and whether the participant successfully completed or failed the program,

2. Participant's license, and
3. Date of participant's completion of the program.

Historical Note

Adopted effective July 19, 1995 (Supp. 95-3). Amended by final rulemaking at 7 A.A.R. 5349, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 11 A.A.R. 451, effective March 7, 2005 (05-1).

R4-19-215. Distance Learning Nursing Programs; Out-of-State Nursing Programs

- A.** An out-of-state nursing program that plans to provide both didactic and clinical instruction in Arizona shall comply with the application requirements of R4-19-207 and R4-19-208.
- B.** A nursing program that delivers didactic instruction by distance learning methods shall ensure that the methods of instruction are compatible with the program curriculum plan and enable a student to meet the goals, competencies, and objectives of the educational program and standards of the Board.
 1. A distance learning nursing program shall establish a means for assessing individual student outcomes, and program outcomes including, at minimum, student learning outcomes, student retention, student satisfaction, and faculty satisfaction.
 2. For out-of-state nursing programs, the program shall be within the jurisdiction of and regulated by an equivalent nursing regulatory authority in the state from which the program originates, unless also providing clinical experience in Arizona.
 3. Faculty shall be licensed in the state of origination of a distance learning nursing program.
 4. A distance learning nursing program shall provide students with supervised clinical and laboratory experiences so that program objectives are met and didactic learning is validated by supervised, land-based clinical and laboratory experiences.
 5. A distance-learning nursing program shall provide students with access to technology, resources, technical support, and the ability to interact with peers, preceptors, and faculty.
- C.** A nursing program, located in another state or territory of the United States, that wishes to provide clinical experiences in Arizona under A.R.S. § 32-1631(3), shall obtain Board approval before offering or conducting a clinical session. To obtain approval, the program shall submit a proposal package that contains:
 1. A self study, describing the program's compliance with R4-19-201 through R4-19-206; and
 2. A statement regarding the anticipated effect on clinical placements for students currently enrolled in an Arizona-approved nursing program.
- D.** The Board may require a nursing program approved under this Section to file periodic reports for the purpose of data collection or to determine compliance with the provisions of this Article. A program shall submit a report to the Board within 30 days of the date on a written request from the Board or by the due date stated in the request if the due date is after the normal 30-day period.
- E.** The Board shall approve an application to conduct clinical instruction in Arizona that meets the requirements in A.R.S. Title 32, Chapter 15 and this Chapter, and is in the best interest of the public. An applicant who is denied approval to conduct clinical instruction in Arizona may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- F.** The Board may rescind an approval held by an out-of-state nursing program to conduct clinical instruction in Arizona, in accordance with R4-19-211.
- G.** If the Board finds that a nursing program located and approved in another state or territory of the United States does not meet requirements for nursing programs prescribed in R4-19-201 through R4-19-206, the Board shall provide a notice of deficiency to the program as prescribed in R4-19-211(A), (A)(1) and (A)(2).
 1. If the program fails to correct the deficiency before the expiration of the period of correction, the Board shall rescind approval of the program as prescribed in R4-19-211(B)(1).
 2. If the period of rescission, from the date of rescission to the date of reinstatement, is at any time concurrent with an applicant's education from the date of admission to the date of graduation, the Board shall withhold licensure unless the applicant meets all licensure requirements and completes any remedial education prescribed by the Board under R4-19-301(H). The Board shall ensure that the applicant has completed a curriculum that is equivalent to that of an approved nursing program.
 3. If a nursing program provides evidence of compliance with R4-19-201 through R4-19-206 after the rescission of approval, the Board shall review the evidence, determine whether or not the nursing program complies with these standards, and reinstate approval of the program if the program complies with these standards.
