

Review: George shared an update regarding the second group of CMAs from the pilot program at Gateway Community College; students will begin testing soon. George is hoping to reconvene the train the trainer sub-committee and hopes to bring something forward to the June 5th, 2020 meeting.

16. Questions/New Ideas/Innovations

Topic: Smith- The Maryland Board of Nursing now requires schools that applicants attended to be approved by the Maryland Board of Nursing.

Follow-up: Malloch will follow up and provide information to the Directors via email.

Topic: Smith- If you are hosting any students over the summer how are you addressing the COVID social restrictions, Breaking students up in groups?

Discussion: Stetina- Looking to break up the cohort to groups of 10; Schultz- Didactic online - Clinical moved to July/August; will have groups of 6-8 for simulation if the restrictions are still in place.

Topic: Allen- Is AZBN going to review clinical requirements to determine how many clinical slots each school gets; clinical partnerships?

Discussion: Malloch- management of clinical sites is something the programs do as a collaborative. The Board cannot get involved in the regulation of practice settings. Schultz- Open to having a collaborative discussion about this. Collazo- We are currently discovering ways of meeting clinical via virtual avenues.
