**II.G.1. Stacie Louise Dominguez RN075132 (Stazzone)**

The proceeding began at 8:08 with the following Board members present: Al-Hark, Ellis, Fountain, Hill-Mekoba, Mann, McCormies, Smith and Schultz.

Stazzone did not have any updates.

Dominguez was present telephonically and addressed the Board. Respondent stated that she is willing to work with the Board and does not drink and drive anymore. Respondent stated her DUI was over 3 years ago, she had counseling and did everything asked of her including a hair follicle test. Respondent stated people looked at her charting and it did not match what happened. Respondent stated her drug tests were negative, she did not take or steal drugs. Respondent stated she has been a nurse for 33 years and patient safety is her number one primary concern.

Board members discussed her willingness to comply with Board requests. McCormies asked Stazzone about the evaluation and drug tests. Stazzone stated the evaluation Respondent refers to was done post DUI and not by a Board approved evaluator, and the hair follicle test was done in 2022, but Respondent has refused a current drug test or evaluation. Fountain asked Respondent why she did not respond to the request for the second drug test and evaluation. Respondent replied that she never received the requests and did not understand the evaluation requested was different from the one she already did in 2021. McCormies stated she was having a hard time with this as it appears Respondent cannot be regulated. McCormies asked Respondent why she did not comply with an interview. Respondent replied she had four investigators and she interviewed with an earlier investigator. McCormies asked Stazzone if this was true and Stazzone replied Respondent did an interview for the DUI complaints but refused an interview on complaints number three and four. Ellis asked Stazzone if there were any other pathways available. Stazzone stated she and Board staff Anderson had been in communication with Respondent for the past two weeks and offered a stayed revocation suspension/stayed revocation probation and Respondent declined to sign it. Board members discussed compliance and options.

Hill-Mekoba motioned, Al-Hark seconded, and after discussion it was unanimously carried, based on the information presented at this meeting and the findings of fact and statute/rule violations identified in the investigative report, make a finding of public health, safety and welfare imperatively requires emergency action and issue the attached Order summarily suspending the license of Stacie Louise Dominguez pending further hearing. The hearing shall be promptly instituted and determined.

AKA: Effula Christina Monty**

Stazzone

The proceeding began at 11:29

Stazzone provided an update to the Board, that an email was received from the employer stating that their investigation was concluded and that Harness' privileges will be reinstated.

Harness was present and addressed the Board stating that this was the first and last time doing this type of activity (which was to administer IV therapy to a coworker who was not a patient), she regrets her actions, has educated herself on the Nurse Practice Act and took the test on the Board website, taken CEU courses, offered to pay for the medications, and has read up on the CRNA scope of practice. Respondent stated this experience has made her a better practitioner.

Board Members discussed that this is a scope of practice issue.

Hill-Mekoba motioned, McCormies seconded, and after discussion it was unanimously carried, based upon the information in the investigative report, offer a Consent Agreement for a Decree of Censure. If not signed within 30 days, issue a Notice of Charges.

**VLS.1. Nicole Elizabeth Olenchak RN266635**

**Connolly ▾**

The proceeding began at 11:40

Connolly ▾ did not have any updates.

Olenchak was present and addressed the Board stating she had a "pure heart," had not gone out drinking since the incident, and learned the consequences of being naive. Respondent reported she values her job and takes her role of being a nurse seriously. Respondent indicated she had passed multiple drug tests since the incident, with the most recent drug test being approximately a month ago. Respondent requested a non-disciplinary action.

Fountain questioned the reasoning for an evaluation. McCormies mentioned the concern of Respondent going out drinking a lot. Ellis asked Respondent whether the most recent drug test was announced. Respondent reported it was a pre-employment drug test. Respondent explained she had worked at the facility, as a travel nurse, since February 2023; however, became a permanent employee recently.

Mamaluy indicated it was her understanding that Fentanyl did not show in a hair test. Fotinos explained, unless there is regular use, Fentanyl will not be in the body long enough to grow out in the hair. Board members considered Respondent's multiple negative drug tests and McCormies brought up a letter of concern option.

Fountain ▾ motioned, Ellis ▾ seconded, and after discussion it was unanimously carried, based upon the information in the investigative report, to offer a Letter of Concern for fact 1.

Mamaluy explained that the Board may "issue" the Letter of Concern.

Fountain and Ellis agreed to amend their motion to state "issue" the Letter of Concern, which was unanimously passed.

**Stazzone ▾** did not have any updates.

Labrie was present and addressed the Board that she is grateful that no patient harm came from this complaint, and that she admitted she made an error, but did not intentionally falsify notes but was working two positions and was overwhelmed with the tasks and thrown into the field when she was hired to work in the office. Respondent stated she educated herself on these issues and plans to start her BSN program in January. Respondent stated she will never put herself in this situation again and is more attentive to her documentation.

Board members asked if Respondent is still working in home health. Respondent stated that she is working in home health but not in the supervisory role. **Smith** stated there are several concerns and Respondent should have monitoring but it usually cannot be done in the home health role. Board Staff **Fotinos** stated if a nurse has long-term stable employment monitoring does allow them to have distant supervision with chart reviews. **Mamaluay** stated there was no stip sheet provided and this could be brought back to the Board after one is drafted.

Board members discussed that oversight would be needed with random chart audits, indirect supervision, gps in tablet, and for 12 months.

**McCormies** motioned, **Fountain** seconded, and it was unanimously carried to table until a stip sheet with probation is drafted and presented to the Board.

Complainant **Carla Truman** was present and addressed the Board on the long lasting impact of the negligence has caused her client, and that she was a Fiduciary for vulnerable clients and talked of her experience with her patients who needed an advocate. She stated that the patient was older with SMI and other care needs who was placed in a group home, but then was uncared for, with no meds, not fed, soiled, not unpacked, and ended up in ICU and Acute Care for one month and was never the same. Complainant alleged that Respondent abandoned her post. **Thorne** was not present or represented by counsel.

**Ellis** asked **Truman** if she signed for the patient to receive medications or services. **Truman** replied she assumed the supervisory care would be done. **Al-Hark** asked about whether the service agreement plan was established at the time of admission. **Truman** stated it had not been done yet.

McCormies asked Complainant about the level of assistant living her client was on. Truman responded that she was in the middle level and needed to have her medication locked. McCormies pointed out an assessment on admission day was not done and it was a "perfect storm situation" when the patient became ill and it exacerbated the situation but Respondent made a choice not to call 911 as she did not assess the patient. McCormies affirmed that Respondent had left the facility with an ill staff member, questioning if she was allowed to leave as she was the only licensed provider in the facility. Ellis stated as a licensed person, she needed to delegate someone else to take ownership of her position.

Stansberry was present and addressed the Board, stating that she learned a lot from this experience, and that even with the lack of training she tried her best to follow all policies and procedures. Stansberry stated that she felt she made a mistake working for a company during COVID. Respondent stated she takes her nursing seriously and described the hectic situation she was working. Respondent stated she should have walked away.

Mann asked what the protocol was for wasting medication. Respondent described she dumped the liquids in a can of coffee grounds and took the can to the office. Respondent stated there was no sign off required by her employer, and no policy or procedure on the matter of disposal of medications.

Mann asked about Respondent's failure to document phone calls and Respondent stated all calls that come in are documented by the call center, and if a visit is warranted she documents that in the patient chart. Respondent stated when she answers calls she sends an email in the morning to the case managers for each call she received. Board members discussed lack of documentation and what the policy of destroying controlled substances was. Board members noted that, "if it's not documented, it didn't happen" as being a general principle in nursing.

**II.G.7. International Nurse Academy Program No. NA1027 (Bitza)**

The proceeding began at 1:04

Bitza updated the Board that a schedule was uploaded for the day program and night program a Subpoena was sent but the information was not received.

David Muganda, owner of the International Nurse Academy was present and addressed the Board stating that he has done everything and provided all the information that was requested of him. Muganda referenced more than once the color of one’s skin, his prior business history, his dreams for the community. Muganda brought with him a man that he introduced as Mr. Marino, who he said would be acting as his consultant.

Smith addressed Muganda regarding the previous 2 meetings, and that the Board still has not received the documentation it asked for at the November 8th Special Board meeting. Smith reiterated that faculty and orientation for the instructors needed to be addressed.

McCormies explained that the Board’s concern is about the quality of the program, not about Muganda personally, and that diversity and increasing voices is a need, but this is about the quality of the program. There was a lack of instructors and lack of time with instructors.

Other Board members explained that the program appeared disorganized, and noted that it is the Board’s job to protect the public, and it does not appear that this program is ready now. Board members also noted that the last time the program was operating, Muganda told his instructors they didn’t need to be present.

Mamaluy requested that the Board members review, in particular, the new fact that there has been an extensive expansion of the cohorts advertised on the school’s website.

George stated that Muganda had submitted the curriculum and syllabus.

Bitza stated that Marino is not a Board-approved consultant.

Muganda stated that he has a new location. Al-Hark explained that the change of space needs to be approved.

Mamaluy also addressed the Board regarding the differences between a Complaint and Notice of Hearing or Notice of Charges.

McCormies ▾ motioned, Fountain ▾ seconded, and after discussion it was unanimously carried, to reaffirm the previous motion based on the information presented at this meeting and the findings of fact and statute/rule violations identified in the investigative report, make a finding of public health, safety and welfare imperatively requires emergency action and issue the attached Order summarily suspending the program approval of International Nurse Academy approval pending further hearing. The hearing shall be promptly instituted and determined.
