VI.N.1. Kirk Allan Wilson RN166197

Stazzone ▾

The proceeding began at 12:08

Stazzone ▾ provided an update to the Board, that Respondent was now represented by an attorney not noted on the IR.

Wilson was present.

Respondent’s attorney, Micheal Goldberg was present and addressed the Board that the initial complaint was not substantiated and Respondent assumed the case would be dismissed at the previous November Board meeting. Respondent owns the IV company and the procedures done in 2021 have since been changed, and Respondent has a physician involved in his clinic treatments. Attorney asked to dismiss or a non-public outcome.

Board members discussed the new high risk treatments offered to the public so that is why it came back to the Board this meeting. The concern is the physician does not do an assessment every time the client comes to the clinic and provides specific orders. This is something that could affect patient safety, as RNs are giving medications without orders. McCormies stated standing orders are challenging in this environment.

Hill-Mekoba ▾ motioned, based upon information presented at this meeting and contained in the investigative report, issue a Letter of Concern as proposed by Board staff and as contained in the investigative report. based upon the information presented at this meeting and contained in the investigative report, offer a Consent Agreement for \$1,000 Civil Penalty. If not signed within 30 days, issue Notice of Charges.

Hill-Mekoba stated this is a new industry, and the Board needed to provide more robust guidance. The Advisory Opinion is new and does not reflect Respondent’s practice prior to the Advisory Opinion. Board members discussed whether there was ever a request for hearing and if it has to be a written request.

Anderson stated that on 11/20 an email was sent and a voicemail was left stating what the next steps would be and never got a response. Cruz ▾ provided an update to the Board, that there is an updated stip sheet and Board Option.

Hansen was present telephonically.

Respondent’s attorney, Colin Bell was present telephonically and addressed the Board that he doesn’t agree with the Board option, stating that the Board should just issue the license and the delays are unfair and inappropriate.

The Board discussed the need for a refresher course.

Fountain ▾ motioned, Al-Hark ▾ seconded, and it was carried, based upon the findings of fact and statute/rule violations identified in the Investigative Report, evidence submitted by Applicant, and information presented at this Board meeting, upon meeting all licensure requirements and signing a Consent Agreement for a minimum 24 month probation, grant reissuance of licensure. The license will be initially limited for participation in a Board-approved RN refresher or equivalent course only to be completed within 12 months. Upon successful completion of this course, and the evaluation and any resulting acute treatment recommendations as stated on the attached stipulation worksheet within 12 months, the limitation shall be lifted, and the probation continued under applicable terms contained in the attached stipulation worksheet. If not signed within 30 days, deny reissuance of licensure, as Applicant failed to submit substantial evidence that the basis for the previous revocation has been removed and that the reissuance of Applicant’s license will not be a threat to public health or safety without the proposed additional monitoring and remediation. Motion passes with 6 in favor 1 abstention.
