**Nursing Assistant Training Program
Laboratory Supplies List**

(Revised 5/2018)

Under R4-19-802(D)(2) nursing assistant training programs are required to have all items needed to teach each required skill. The checklist below is provided to assist programs in obtaining and maintaining the required equipment. The nursing assistant training program must ensure that equipment and supplies are in functional condition and sufficient in number for each enrolled student to practice required skills

The following list details expectations for the provision of supplies and equipment.

ITEM	STANDARD	OPTION/RECCOMENDATION
<input type="checkbox"/> Hospital Bed	Working brakes and ability to raise and lower	No side rails are used for NA state test. If bed has side rails, work with rails down. Recommend having 1 bed unit per 4-5 students.
<input type="checkbox"/> Over-bed table		
<input type="checkbox"/> Linens	<input type="checkbox"/> Flat and fitted sheets <input type="checkbox"/> Towels <input type="checkbox"/> Bedspread <input type="checkbox"/> Pillowcases <input type="checkbox"/> Washcloths <input type="checkbox"/> Bedspread	These are all required
<input type="checkbox"/> Linen Protectors		Mattress pad is used for the peri-care skills
<input type="checkbox"/> Pillows		
<input type="checkbox"/> Privacy Curtain		May be curtain on a full or half-track or privacy screen
<input type="checkbox"/> Call Light		May be real or simulated, e.g. computer mouse cord
<input type="checkbox"/> Night Stand		
<input type="checkbox"/> Thermometers	Hand held digital	Oral is used in the state test; may also have rectal, tympanic. NO mercury thermometers.

<input type="checkbox"/> Stethoscopes (Including Teaching Stethoscopes)	Single stethoscope and a double teaching stethoscope is required	
<input type="checkbox"/> Aneroid Blood Pressure Cuff <input type="checkbox"/> Digital Blood pressure cuff		
<input type="checkbox"/> Pulse oximeter		
<input type="checkbox"/> Scale		Can be any type of scale suitable to weigh a patient.
<input type="checkbox"/> Manikin or Model	The model may be a full manikin or a peri-care task trainer (model) containing only the peri region, portions of the torso and legs. Needs to be anatomically correct for both male and female (can have interchangeable parts).	If a full manikin is purchased, consider a light weight model rather than full weight (about 180 pounds). Anatomically correct male/ female perineal models are also available.
<input type="checkbox"/> Personal Care Supplies Including	<input type="checkbox"/> Wash basin <input type="checkbox"/> Emesis basin <input type="checkbox"/> Rinse-free wash <input type="checkbox"/> Tooth brushes <input type="checkbox"/> Disposable toothettes <input type="checkbox"/> Dentures <input type="checkbox"/> Razor <input type="checkbox"/> Shaving cream <input type="checkbox"/> Emery board <input type="checkbox"/> Orange stick <input type="checkbox"/> Comb <input type="checkbox"/> Shampoo <input type="checkbox"/> Hair brush <input type="checkbox"/> Lotion	
<input type="checkbox"/> Clothes for Dressing Residents	<input type="checkbox"/> Undergarments <input type="checkbox"/> Socks <input type="checkbox"/> Hospital gowns <input type="checkbox"/> Shirts <input type="checkbox"/> Pants <input type="checkbox"/> Shoes or non-skid slippers	
<input type="checkbox"/> Elimination Equipment	<input type="checkbox"/> Fracture bed pans <input type="checkbox"/> Bed pans <input type="checkbox"/> Urinals <input type="checkbox"/> Ostomy supplies <input type="checkbox"/> Adult briefs <input type="checkbox"/> Specimen cups <input type="checkbox"/> Graduate cylinder <input type="checkbox"/> Catheter supplies	
<input type="checkbox"/> Aseptic and protective equipment purposes	<input type="checkbox"/> Running water <input type="checkbox"/> Sink <input type="checkbox"/> Soap <input type="checkbox"/> Paper towels <input type="checkbox"/> Clean disposable gloves <input type="checkbox"/> Surgical masks <input type="checkbox"/> Particulate <input type="checkbox"/> Respirator mask for demonstration <input type="checkbox"/> Gowns <input type="checkbox"/> Hair and shoe protectors	One particulate respirator mask is sufficient;
<input type="checkbox"/> Restorative equipment	<input type="checkbox"/> Wheelchair <input type="checkbox"/> Gait belt <input type="checkbox"/> Walker <input type="checkbox"/> Anti-embolic hose <input type="checkbox"/> Adaptive equipment <input type="checkbox"/> Cane	Adaptive equipment can be a grabber, long shoe horn, over the toilet extension or other equipment that provides assistance to the resident

<input type="checkbox"/> Feeding supplies & Dietary needs	<input type="checkbox"/> Cups <input type="checkbox"/> Glasses (clear, sizes 120 and 240 ml) <input type="checkbox"/> Dishes <input type="checkbox"/> Straws <input type="checkbox"/> Standard utensils <input type="checkbox"/> Adaptive utensils <input type="checkbox"/> Clothing protectors	D&S has standard cups available; Diet cards; food items such as single serving pudding, apple sauce, etc.
<input type="checkbox"/> Clean dressings, bandages and binders		Binder should be an abdominal binder
<input type="checkbox"/> Documentation Forms	Documentation of care; I&O forms; vital signs measurements	D&S has these forms to print out from their website
Other needed supplies	<input type="checkbox"/> Alcohol base hand sanitizer <input type="checkbox"/> Alcohol wipes	Some skills require hand sanitizer Alcohol wipes are used to clean thermometers
